Fiske, on Cathedral Square, the coming week and from there, will leave on a visit to her daughter who is attending school in Missouri. For the Christmas holidays she will be with her father in the sunny South.

Mrs. A. M. Bergere entertained the Saturday afternoon bridge club at her hospitable residence on Grant avenue last Wednesday. Bridge whist was the diversion of the afternoon.

In addition to the members of the club there were present: Mrs. Reynolds, Mrs. Prichard, Mrs. I. H. Rapp and Mrs. W. H. Rapp of Trinidad, Colorado, Mrs. Bean, Mrs. Hughes, Mrs. Laughlin, Mrs. Fisher, Mrs. Sherron, Mrs. Diaz, Mrs. Hall, Mrs. Sargent, Mrs. Harding and Mrs. Lusk.

Newspapers in London and Rome give the news that the wedding of Miss Katherine Elkins, daughter of United States Senator and Mrs. S. B. Elkins to the Duke of Abruzzi, cousin of King Victor Emmanuel of Italy, will take place either in Rome or in Turin, during the coming March or April and great preparations for the wedding have already been commenced.

Consent of the queen and king, uncle and aunt of the Duke of Abruzzi and the members of the Italian family has been obtained and all seems to be smooth sailing now. Senator Elkins made his start in life in this territory during the early sixties and was for several years U. S. district attorney for New Mexico and thereafter represented the territory two terms as its delegate to Congress. He practiced law here for a great many years and was very successful. Indeed, the foundation of his fortune of millions, which is estimated to be over twenty millions of dollars was laid in New Mexico. Among the old time citizens here Senator and Mrs. Elkins have many admiring and warm friends.

Miss Elkins is described as very handsome, finely educated and splendid looking young woman. The Duke of Abruzzi, from an Italian standpoint is a rich man. From an American view he is rather poor. The millions of dollars which will go with him in consequence of the marriage will enable him to cut a great big swath in Italian society. Senator Elkins will not miss the money. He has plenty and to spare.

The Indian Pueblos in New Mexico are becoming rapidly civilized and are adopting the white man's ways in vengeance. They are learning rapidly and indeed too rapidly and desire the almighty dollar too greatly. At

the feast of the Tesuque Indians, which was held at Tesuque last Thursday, every "Americano" who desired to take a kodak picture was compelled to pay the chief two dollars for the privilege and a good many visitors who were there paid the filthy lucre for doing so. Verily, the Tesuque Indian especially is becoming rapidly civilized.

There seems to be the best of reasons for anticipating in the appearance of the Boston Ideal Opera company which will commence a three nights' engagement Monday night with a matinee on Wednesday afternoon, an operative event of more than ordinary interest and merit. The management has displayed much care and good judgment. Not only in selecting the company but in the manner in which the productions are staged and costumed, so that Santa Fe amusement lovers may safely look forward to a musical treat.

The precipitation yesterday was only one-fiftieth of an inch at Santa Fe, but it was cloudy enough for ten times that amount and Santa Fe is not accustomed to clouds, especially when the U. S. Weather Bureau predicts fair weather, as it did for yesterday. For tomorrow, its prediction is fair and sunny weather with rising temperature, and as today's sky is blue and laughing, the prediction will probably come true. There was a decided drop in temperature and the quicksilver was down to fifteen degrees above zero last night. Yesterday the minimum was 18 degrees at 6 a. m., and the minimum 29 degrees at 2:30 p. m., the first time this winter that the maximum was below the freezing point. The departure from the normal was 17 degrees. At 6 p. m., the relative humidity reached 100 per cent, a figure attained very seldom; the average humidity was 69 per cent. The maximum velocity of the wind was 15 miles an hour at 12:30 p. m., and it blew from the southwest. Altogether, it was one of Santa Fe's few unpleasant days, although compared with the weather elsewhere, it was nothing more than a cloudy day, broken now and then by rays of sunshine.
